OIL and GAS NEWS

It is reported that the Haggood well in section 21-4-3 is shut down.

J. W. Hall, member of the DuArd Oil company, is here from Bennington.

Gates Oil company is now making runs exclusively to the Producers Refining company.

Big Producer Here.
Ted Meeks of Tulsa, representing the well known oil firm of White & Sinclair, is here playing the new Fox pool for his company.

Building Steel Tank.
The Amalgamated Oil company, which purchased the P. & H. holdings in section 19-4-3 is building a 55,000-barrel steel tank on its lease.

Running to Storage.
The Ardworth Oil company has disconnected its wells from the pipe lines and is running exclusively to steel storage. The company is evidently of the opinion that higher prices for oil will prevail soon.

Kewanee Company.
Kewanee Oil company's No. 9 on the Westheimer & Nichols property in section 5 is rigging up. This company has the bottom about completed for its first steel tank, which is being built on the property purchased from Chas. J. Wrightsman.

Field Busy Thursday.
T. H. Steele, manager of the Kewanee properties, spent yesterday in the field, and came in to Ardmore last night. He states that the field was busy on Thanksgiving day. The field workers enjoyed a big dinner but kept at their work in the usual way.

Selling No Oil.
The Humble-Gypsy-Stalti people, who operate their properties together have disconnected their wells from the pipe line and are running oil exclusively to storage. These companies would rather have oil in storage than to have it sold at 55c a barrel.

Second Largest Producer.
Roxana Petroleum company has one steel tank completed in section 3 and another one under construction. Ten tanks have been ordered for its tank farm east of Ringling. The Roxana have a production of 15,000 barrels a day and are the second largest producers in the field.

Thanksgiving Dinner.

Mr. and Mrs. Fred Coogan had as their guests at Thanksgiving dinner yesterday, John Osborn and Frank E. Goodwin of Ringling. These gentlemen are employees of the Continental Supply company, of which Mr. Coogan is manager for the Healdton field.

Old Driller Returns.

R. E. Highnote, who was among the early contractors in the Healdton field, has returned here from Normangee, Texas, where he drilled a well for Georgia people. He is of the opinion that the Normangee well was not drilled to a sufficient depth to get a pay sand.

Built a Bridge.

John Holland, who operates a car to the fields, has raised money among the auto drivers to build a bridge in section 21, just south of the fields. A 38-foot bridge has been put in which is a big convenience to drivers as well as to the men who take passage on the cars.

Exclusively to Magnolia.

The Apple & Franklin Oil company and the Bullhead Oil company, both of which contracted to sell to the Gainesville line, have not connected their wells with this company's gathering system. The division orders have not been signed up, and they are running oil at present exclusively to the Magnolia people.

Field Report.

The wells completed and on the gauge number 420, there are several wells completed but not gauged, and among them are three on the Skelley & Russell property, which will average 2,000 barrels each. The production from 420 wells is 118,000 barrels, something like 35 wells are drilling, and 25 rigs are up.

Third Largest Producer.

Skelley & Russell have three steel tanks completed and one of them is full of oil. The firm has a daily production of 13,000 barrels and takes third place in the field, being exceeded only by the McMan and Roxana companies. These people have also bought an 80-acre tract in section 12-4-4 which will be utilized as a tank farm.

The Largest Producer.

The McMan people have 17 tanks built and full of oil, two more tanks have been completed and are being filled and three more are under construction.

struction. This company has a production of about 32,000 barrels and leads the field. The company's production on the different farms is divided as follows: E. T. Richards farm 28,831, Clifton Richards 2,248, Ansley, 551, Woodworth 204.

Celebrated Petroleum Engineer.

H. B. Goodrich, a celebrated petroleum engineer, is here from New York. Mr. Goodrich was for many years with the fuel oil department of the Santa Fe Railway company. While with the Santa Fe he made his headquarters in this city, and has many friends here. Mr. Goodrich has his offices in New York now, and he is here to make a survey of the territory about the new Gypsy well north of Healdton.

Will Test Location.

The Gypsy people are waiting for the arrival of five-inch casing, and upon the arrival of the shipment ordered the well in section 28-2-3 will be drilled deeper. Much interest will be taken in the test. A vast acreage has been sold around the well. Some of those who have purchased acreage are of the opinion that what resulted at Paden and at Holdenville may result here. They are of the opinion that if oil is not found in that location that a field will be developed in that immediate vicinity.

Love County Well.

Love county is to have another wildcat well. It will be drilled in township 6 south and 2 west, but in what section has not been determined. Vern Calvert and J. G. Adkins have made arrangements with W. L. Russell of Lima, Ohio, to drill this well. Much interest has been taken in that portion of the country recently and it is probable that a second drill will be put in there. The test will be drilled in the township south of the Bynum well which is now drilling.

Dick Barclay Returned.

Mr. and Mrs. Dick Barclay arrived here yesterday from the Cushing field and will remain in this city. Mr. Barclay is a member of the Lincoln Tank company, which was among the first companies to build tank shops at Healdton. After spending several months at Healdton, Mr. Barclay went to Cushing to look after the company's interests, but will now devote his entire time to Healdton. They are house-hunting in Ardmore, and the wife and boy will live here. Dick Barclay is popular with everybody, and he will be heartily welcomed back in the fields.

Shutting in Big Gasser.

McMan-Corsicana companies, which drilled a gas well in section 15-4-3, which made twenty-five million feet, have had a lot of trouble in shutting it in. The pressure was so great that the packing was blown out time after time, and the waste of gas affected the other wells in that section, from which Ardmore gets its gas supply. Complaint was made to the state authorities and the companies turned the well over to the state and federal authorities and offered to pay all expenses and to permit the representatives of the state and the government to control the gas. They are using the Pollard mudding-in process, which is very popular with the government. While the authorities are shutting the well in, the companies are getting ready to start another well on the same lease.

ARGUMENT DECEMBER FIRST

Healdton Crude Ought to Be Selling Now at 75c.

Healdton crude ought to be selling now at 75c., says W. B. Johnson, attorney for the Ardmore Oil Producers association. Mr. Johnson says that according to the testimony of the Magnolia Pipe Line company that Healdton crude is worth 25c a barrel less than Cushing crude. Cushing gets \$1 for its oil and, according to that schedule, should be receiving 75c. The complaint which has been filed before the corporation commission will be argued on the first day of December in Oklahoma City, and it may possibly be submitted on briefs. Smith C. Matson, assistant attorney general, will assist Mr. Johnson throughout the trial of the case.

Mrs. Loy Childress

Operate 5-passenger safety-first car from oil fields to Ardmore. Leaves Wirt each morning, leaves Ardmore each afternoon. Reduced round-trip rates to large shopping parties. Phone 12, at Wirt.

OIL MAPS.

New oil map showing production and developments, also ownership, consisting of 12 townships of the Healdton, Oil City, Fox, Graham, Homer, Tatum and Ringling territory. Blue print on thin linen \$5.00; blue print on paper \$2.50 each. Mail orders promptly filled.

J. B. WHITE,
21-10t Over Ardmore National Bank.

THE ODD FELLOWS

The Odd Fellows are anticipating a large turnout of our citizens on next Tuesday afternoon at the meeting of the Carter County association.

The very excellent program, which has been published, is a treat for everyone, and the ladies especially will be delighted with its rendition. The open session will begin at 1:30 o'clock, but as everyone will be anxious to grasp the hands of the grand sire, the grand master of the state, and other notable visitors, it will be well to be in the parlors of the Elks' home prior to that hour. It certainly is a compliment to Ardmore and her people, to be honored by the presence of such distinguished members of the fraternity at this time, and is in fact something heretofore unprecedented in this state. The boys of the three links bid you all welcome. Come.

The Ladies' Aid society of the Christian church will have a benefit at the Royal Theatre Monday afternoon and night.

Trades Council Meeting.

Regular meeting of Ardmore Trades Council will be held tonight. All delegates urged to be present.

JOE HUCKABY, Pres.
H. E. WHITE, Sec-Treas.

RHEUMATISM AND ALLIED PAINS —THEY MUST GO!

The congestion of the blood in its flow causes pain. Sloan's Liniment penetrates to the congestion and starts the blood to flow freely. The body's warmth is renewed; the pain is gone. The "man or woman who has rheumatism, neuralgia or other pain and fails to keep Sloan's Liniment in their home is like a drowning man refusing a rope." Why suffer. Get a bottle of Sloan's. 25c and 50c. \$1.00 bottle holds six times as much as 25c size.

Notice—Taxes Due.

The 1915 general taxes are now due and payable at the county treasurer's office. You may pay one-half or all taxes during the months of November and December. If one-half is not paid on January 1, the full amount becomes due and draws 18 per cent penalty per annum. There will be no notices mailed by the treasurer, and it will be your duty to request statement of taxes, which will be promptly furnished. This is in accordance with the new law.

JOHN J. YELL,
County Treasurer.

A tight feeling in the chest, accompanied by a short, dry cough, indicates an inflamed condition in the lungs. To relieve it, buy the dollar size BALLARD'S HOREHOUND SYRUP; you get with each bottle a free HER RICKS' RED PEPPER POROUS PLASTER for the chest. The syrup relaxes the tightness and the plaster draws out the inflammation. It is an ideal combination for curing colds settled in the lungs. Sold by Bonar Drug Co.

Marietta Visitors.

Among the Marietta people who spent Thanksgiving in Ardmore were Willis Choate, editor of The Marietta Monitor, Mr. and Mrs. Perry Martin, Wilbur Mobley, C. C. Smith, merchant, H. E. Draughton, the lumberman, Mr. and Mrs. R. H. Haynes, Simpson Rainwater, Miss Mollie Walker, Mr. and Mrs. Sam Robertson, Mr. and Mrs. Walter Buchanan, and Miss Mynan Hois.

COLDS DO NOT LEAVE WILLINGLY

Because a cold is stubborn and unreasonable, why you should be. Instead of "wearing" it out, get sure relief by taking Dr. King's New Discovery. Dangerous bronchial and lung ailments often follow a cold which has been neglected at the beginning. As your body faithfully battles those cold germs, no better aid can be given than the use of this remedy. Its merit has been tested by old and young. Get a bottle today. 50c and \$1.00.

Noble-Cook Nuptials.

Yesterday afternoon at the residence of the bride's parents on B street, southwest, Harry Noble and Miss Arlie Cook were united in marriage by Rev. E. R. Welch of the Broadway Methodist church, in the presence of a few intimate friends.

Mr. Noble is an employee of Tyler & Simpson, and is well and favorably known by a large circle of friends. The bride is the daughter of a prominent oil operator of the Healdton field, who has been here for some time. They left yesterday afternoon for a short honeymoon in Texas cities.

You Can Have Your Old Carpets Dyed and Woven Into New Rugs

at a saving of half the cost of ordinary rugs. By improved methods which it owns exclusively, the Clean Rug Company, of Chicago, makes beautiful rugs—totally different and far superior to any other rugs woven from old carpets.

Married at Waxahachie.

Grover Cochran, who handles the market reports here for the Western Union Telegraph company, went to Waxahachie, Texas, for Thanksgiving. He surprised his many friends here by returning home this morning with a bride, who was Miss Belle Lee Burton, of Waxahachie. Mr. and Mrs. Cochran will make their home in this city.

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boys are subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough, I would give him one or two doses of it, and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.

Recovering from illness.

Mr. and Mrs. Moran Scott went to Davis yesterday to take Thanksgiving dinner with Mrs. Scott's mother. Mrs. Scott has been ill for several years, and she sat up yesterday for the first time in ten months. She stood the trip well, and her family is greatly encouraged.
